Pearl Jane Duff
Trinity Broadcasting Network
P.O. Box A
Santa Ana, CA 92711

Dear Jane:

As I noted in my letter of December 8, no less than six applications filed on behalf of Trinity or an affiliated organization are on a cut-off list with the cut-off date of January 16. Because, I'm told by the Commission staff, Trinity will have very little opportunity to amend after the cut-off date, I have gone back and rechecked each of the applications to see if there are any deficiencies which might be cured by amendment prior to cut-off. There are a few items which I have discovered, which I have listed by application below:

1. All pending translator applications will need to be amended to show TBN's new broadcast interests.
2. Richmond, Texas -- Channel 57. A review of the application notes that there is a typographical error in Section III in which the transmitter output is incorrectly noted at 100 watts instead of 1,000 watts. Since the model number and make are correct, I will point out this typographical error in a letter to the Commission staff. That should ameliorate any problems.
3. Trinity Broadcasting of Seattle -- Channel 52. The financial showing for Trinity Broadcasting of Seattle will need to be shored up. TBN should submit a new balance sheet current within 90 days of January 1, 1980. Further, to be financially qualified for the grant of this application the balance sheet should show liquid assets (which according to Commission case law is limited to cash in bank and certificates of deposit) in excess of TBN's current liabilities in an amount equal to or greater than \$310,000. If TBN's current balance sheet does not show this kind of liquidity, please give me a call so we can discuss ways in which TBN's financial showing for this (and all other translator applications) can be shored up.

4. Translator TV, Inc. -- Channel 42, Washington, D.C. As I noted in my December 8 letter we know of at least one other competing applicant on Channel 42. This means, in all likelihood, these two applications will not be processed until after the Commission adopts its proposed rules in the low power rulemaking.

Trinity will, however, still need to amend the application to make it as strong as possible prior to January 16. As noted in our earlier conversations, TBN will need to shore up Translator TV, Inc.'s financial showing by the submission of a balance sheet for Translator TV, Inc. current within 90 days. Further, TBN will need to supply a commitment to Translator TV, Inc. in an amount of \$145,000, as was promised in the application. Finally, TBN will need to submit a balance sheet current within 90 days of January 1, 1981. To be financially qualified for the grant of the Washington translator, balance sheets of Trinity Broadcasting Network and Translator TV, Inc. must show liquid assets in excess of current liabilities of at least \$145,000 to be financially qualified. Please note, in this regard, that liquid assets consist only of cash and certificates of deposit, and do not include pledges or accounts receivable.

In fact, because the Trinity of Seattle and Translator TV, Inc. applications are likely to be considered by the same attorney within a few days of each other, and will both be relying on Trinity assets, Trinity should, in fact, show sufficient liquid assets in excess of current liabilities to finance a simultaneous grant of the Washington, D.C. and Seattle, Washington translators.

In addition, the section II information for the Washington application, as well as most of the other Translator TV, Inc. applications, needs to be corrected to show that Norm Juggert is neither an officer nor a director of the corporation.

The other applications on the list, including: Prescott, Arizona; Mission Viejo, California; and Denver, Colorado, do not require amendment.

As always, Jane, give me a call if you have any questions or requests.

Sincerely,

Joseph E. Dunne III

BAKERSFIELD "ON THE AIR"

Enlarge the place of thy tent...stretch forth the curtains of thine habitations: spare not, lengthen thy cords, strengthen thy stakes; for thou shalt break forth on the right hand and on the left. (Isaiah 54:2,3)

Beloved Partners:

This glorious Word of the Lord given to us as a word of prophecy seven years ago is literally COMING TO PASS! 1981 has started with a BANG! TWO NEW TRANSLATOR TV STATIONS - Bakersfield and Arvin/Lamont, California are ON THE AIR!

Last year 1980 saw Ten new stations go on the air - almost one a month! PRAISE THE LORD! We have filed new FCC applications for 25 more cities across America and applications for 15 more are in preparation!

→ THIS GOSPEL SHALL BE PREACHED! ←

PTC 6

I have ordered TODAY the final engineering study on a Translator Station for Key West, Florida, which will be fed from Channel 45 in MIAMI. Our goal will be to build a tower tall enough to beam it across to HAVANNA, CUBA! Of course we are already ministering to the many Cuban refugees who have fled to Miami with our Spanish language block of TV programs. In addition we are broadcasting the Haitian/French program on Saturday afternoon at 1:00 p.m. to the Haitian refugees from Channel 45 in MIAMI!

And now, we are pulling out all the stops on our SINAI-EGYPT station. Please pray for the FINAL APPROVAL which we are seeking through President Sadat of Egypt. Dr. Larry Samuels has taken a leave of absence from his medical practice to devote full time to the completion of this Powerful Voice in the MIDDLE EAST. Pray for him and his dear wife DAILY until we see the VICTORY on this exciting project.

NEWS FROM OUR CH. 14 OKLAHOMA

Our best news is that the tower is once again going up...and this time it is in its third and final stage! We appreciate the prayers of all our supporters throughout the network during the delays and difficulties with the tower. CONTINUE TO PRAY as the final measurements are made that all will be well and we can begin broadcasting that Jesus is Lord in Oklahoma.

At the studio, workmen are busily cleaning and painting offices. The phone counseling booth is almost finished with the special slanted glass installed (so that there will be no camera glare). All that is needed is a final coat of paint and the carpet laid.

Our prayer chapel, where the counselors will pray before beginning to minister is also being prepared. Two rooms have been combined so that there will be ample room for a prayer "circle" and a kneeling bench added around the sides of the room. It is a simple room, but comfortable and a quiet place to seek the Lord. The carpet is red, signifying the "heartbeat" of the ministry.

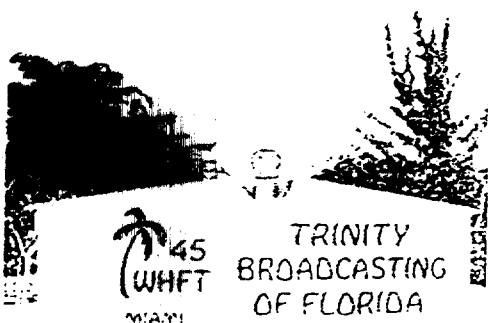

So much has been accomplished by our dedicated staff here at Channel 14 and so much has been done by our beautiful volunteer workers. There is still much to do but we are seeing your TV station on the air soon!

It is so exciting to be on the front line of what God is doing today. With all the prayers of our partners every where holding Channel 14 up, we can't help but give the devil a black eye. Soon all of Oklahoma will be able to see and hear about our precious Lord. Keep praying for us every day. We love you.

NEWS FROM OUR CH. 45 FLORIDA

1. Hundreds of people finding Jesus as Savior daily -

2. Local programming going beautifully:

- a. LOVE SONG TO MESSIAH
- b. BEACH PREACH
- c. THE WORD with local Florida pastors
- d. Working on local PRAISE THE LORD

3. Antenna bought and plans almost completed for power boost to reach more of Florida (People of Florida, we are several thousand dollars short of having enough money to pay for this. This new power boost will be like putting a new booster station in many, many new cities around Miami area who cannot now get 24-hour a day TV because of the low power. Will you please send a special love gift today for people in your area who need to get this station and who need to know Jesus. Be a mission-ary in Florida. Help us today. Many of you can send an extra \$100 for this special project.

NEWS FROM OUR CH. 21 ARIZONA

24 HOUR A DAY CHRISTIAN TV - A MIRACLE IN ARIZONA

That is an understatement! It is a miracle, because it is not everywhere. In fact, it is in very few cities of the United States, and certainly the world. If you are a recipient of twenty-four hour Christian broadcasting, you no doubt have often said, as listeners at Channel 21 here in Phoenix have told us:

"I found Christ through Channel 21."

"It keeps me from being lonely."

"It is such an inspiration."

"It helps me in my problems."

"Most of the programs on the other channels are filled with violence and immorality, but TBN's programs are beautiful, uplifting and helpful."

These few comments are typical of the thousands of comments received at Trinity Broadcasting. We thank God for the miracle of this network. Only God could have taken the vision of a young couple, and opened the hearts of thousands of people to give and give and give, and open the airwaves of His beautiful story to be told.

But that's not all. Further explosive, expanding activity is happening! Paul has been giving the viewers of Trinity Broadcasting Network short glimpses of the ensuing expansion, by using such words as translators and satellators, and talking on familiar terms with satellites, while we're just barely getting used to the idea of having instantaneous news by means of a "small" disk floating out in space about 22,000 miles away from our earth!

No wonder Jesus could predict accurately and unreservedly that His Gospel must be preached in all the world, and then the end would come. Just a few years ago, we wondered: "How could it be preached to everyone, when the population of the world was multiplying so rapidly, faster than missionaries could possibly take it??"

Now we know! The Gospel is going faster and faster -- out through the air waves. Each of you has become a missionary. A missionary into jungles, deserts, islands, and other isolated communities. It is happening. And one day, the Lord of the Harvest will say to you, "Well done, you preached my Gospel in Indonesia, Greece, Haiti, etc. etc., enter into the joys of thy Lord."

We must be faithful and do what we can. Time is short. We will follow the Apostle Paul's admonition, "Let us not be weary in well doing; for in due season we shall reap if we faint not." Gal.6:9.

In His service,

Phil Crouch

Greetings from Jerusalem!

Greetings from Jerusalem.

We were invited two days ago. They had possession of new square feet. We were seen to many gifts - they are everywhere! John will send you a picture. We have a teaching training seminar scheduled for Easter Week - and plan then to introduce them to the country - and people speaking Arabic! We are already making great plans.

What a great evening these gifts will be. A beautiful gift for you - that's for you!!!
(Love) Florence

Work continues on our GREEK 'PRAISE THE LORD' program, but we have encountered a problem here. We had tentative approval from the Greek government to Dr. Emmanuel Deligiannis, our producer. But something happened and this approval was withdrawn, so pray, pray, pray - We will not give up - we will see victory in Jesus' Name!

And now, we are shortening our SPANISH 'PRAISE THE LORD' program to one half hour so that we can buy more time on foreign stations for DEMOS GLORIA A DIOS. Our goal is to reach the absolute maximum number of souls with the funds you are supplying.

PARTNERS, because of your love and faithfulness the Word of God is going out to Indonesia, Taiwan, North America, Central America, South America, Haiti, France, Italy, and soon, the MIDDLE EAST!

Beloved Partners, lets work and go as though this were our LAST YEAR! It could be you know. Prophetic events are lining up so rapidly and so perfectly WE KNOW the coming of the Lord is at hand!

Ominous shaking within the communist world, the 10 nations of Daniel's vision are IN PLACE, the Middle East is a powder keg which will explode when Russia strikes, this world order is passing away - it is the twilight hour of the FINAL HARVEST of SOULS. Beloved partners, we cannot slacken our pace now! We must press the battle even harder, we are shaking the very foundation of HELL through CHRISTIAN TELEVISION! We are snatching precious souls from his slimy clutches 24-hours a day through the most powerful media known to man.

OH, PLEASE, FAITHFUL PARTNERS, do everything you can NOW while we can. We do not know how much longer we will have the privilege of CHRISTIAN TELEVISION. Awesome battles are being fought by TBN behind the scenes which I cannot share with you even in this newsletter.

PLEASE DO NOT TAKE CHRISTIAN TELEVISION FOR GRANTED!

Support it, love it, pray for it - Please hear my cry and plea to you and know I am telling you all I can at this time.

But partners the final victory is certain. God is allowing this SHAKING so that:

Those things which cannot be shaken may remain.
(Hebrews 12:27)

Are you going through the final SHAKING TOO? Praise the Lord! That is the proof that you are precious to the Lord. He is preparing us to rule and reign with HIM IN HIS THRONE! HOLD ON CHILD OF GOD - JOY COMES IN THE MORNING! Don't give up now - we are too close to VICTORY. Jan and I are praying for you as you pray for us.

Please share with us your specific prayer needs and requests on the enclosed envelope. We will bring them to the 'PTL' program and have the Body of Christ agree with you for your miracle!

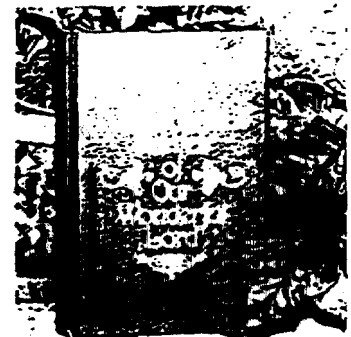

PRAISE GOD - WE WIN!!!

Paul

Our LOVE Gift to YOU

Pastor Jack Hayford called my office one day and said, "Paul, I must meet you for lunch." Over a lovely meal he handed me a gift wrapped in the table napkins with the rosebud from the table as the bow - He said, "this gift is very special." I have read it and cried and shouted and it has blessed me so abundantly I wanted you to have one. As I read it I agreed and I had them printed immediately so you can have one. Read it and rejoice! 365 names of our Wonderful Jesus, one for each day of the year along with an inspirational thought! Our love gift to you for the month of February!

ANNUAL MEETING
OF
TRINITY BROADCASTING NETWORK, INC.

The annual meeting of Trinity Broadcasting Network, Inc. was held on February 3, 1981 at Newport Beach, California.

All directors were present.

The meeting opened with prayer.

On motion duly made and seconded, the following directors were confirmed as directors:

Paul F. Crouch
Norman G. Juggert
Pearl Jane Duff

Upon motion duly made and seconded, all existing officers were confirmed for new terms.

The board considered the audited financial statements as presented by the corporate president and approved same.

The board then discussed the possibility of receiving an assignment of a construction permit from Tri-State Christian T.V. of Indiana in Richmond, Indiana. The assets owned by Tri-State are approximately \$250,000.00. The total obligations outstanding now are approximately \$163,000.00.

Tri-State's President has expressed an interest in assigning the corporation's assets including the construction permit to us in exchange for an assumption of its obligations. An officer of Tri-State will be in California this week and desires to discuss the matter with the corporate president.

It was therefore moved and passed that the President be authorized to negotiate with Tri-State, provided that the consummation of any transaction shall be subject to the approval of this board and shall be made in consultation with F.C.C. counsel.

The meeting was then adjourned.

Dear Norm:

Since I have been involved most closely with Translator TV, Inc., the copy of your letter to Jane Duff dated January 27, 1981, has been referred to me for comment.

I reviewed the information only in the context of its possible impact on the applications at the FCC. Within that limited concern, I have the following comments to offer:

You will note that none of the applications presently on file for Translator TV, Inc. request a low-power station, i.e., a station proposing local origination. Nor has Translator TV, Inc. indicated, in describing its program plans, that its future plans include low-power television.

I would therefore recommend that Translator TV, Inc.'s response be amended to delete the sentence beginning "As soon as possible ..." down to "local programming will be broadcast ...". I would suggest that the sentence be rewritten to read as follows: "The FCC presently is considering the adoption of new rules which would allow the broadcast of local programming on translators. If such rules are adopted, Translator TV, Inc. may wish to develop local programming in some or all of the locations for which it is filed. It is anticipated that local programming, if authorized, will represent the same variety in terms of interdenominational emphasis and format, consistent with its nonprofit make-up, as the programming presently broadcast by Trinity Broadcasting Network, Inc. A description of the programming of Trinity is attached ..."

Further I would delete the first phrase in the last sentence in response to paragraph 1 and 2 because it was not strictly accurate. According to Commission guidelines, WJAN, Channel 17, Canton, Ohio, provides Christian programs 24 hours a day.

I would further suggest altering the response to paragraph 3 in the following manner:

- (1) Our programs will be limited to religious programs. We will not solicit or broadcast commercial advertising. We will be supported by contributions solicited during the 30-second insert per hour authorized by present rules of the Federal Communications Commission. Translator TV, Inc. has also received the acquiescence of Trinity Broadcasting Network to insert appeals for contributions in other portions of its programming where appropriate, if such substitution is authorized by the FCC as proposed in the rulemaking referred to above. As noted in Translator TV, Inc.'s response to paragraphs 1 and 2, if authorized by the FCC, there is a possibility that Translator TV, Inc. will be entering into contracts for local religious programs, within the confines of its nonprofit make-up, in some or all of the areas where our facilities are located. The charges for such programs will be on a cost basis.

As always, Norm, give me a call if you have any questions.

Sincerely,

Joseph E. Dunne III
